Caring for Kids is All We Do.

Pediatric Care

Pediatric Neurology

- Ranked among America's Best for Neurology and Neurosurgery in *U.S. News & World Report's* 2023-2024 Children's Hospital rankings.
- World-renowned researchers in the fields of epilepsy, autism, neurogenetics and neuroimaging
- Our ABRET-accredited EEG laboratory and National Association of Epilepsy Centers (NAEC) Level 4 Epilepsy Center provide the highest level of epilepsy care, including intracranial EEG monitoring, stereo-EEG, epilepsy surgery, neuromodulation and advanced functional brain mapping.
- The program offers advanced imaging technology vital for accurate diagnosis and precise treatment of pediatric neurological diseases. Our department offers 3-Tesla MRIs, positron emission tomography (PET), low-radiation CT imaging, advanced neurophysiological testing and continuous video-EEG monitoring. Electromyography (EMG) and nerve conduction velocity (NCV) testing is also available.
- **Offers advanced technology for an array of disorders including:**
 - Brachial Plexus Clinic
 - Concussions
 - Epilepsy, including drug-resistant epilepsy, dietary care and surgery
 - Headaches including migraines
 - Multiple Sclerosis and Neuroimmunology Center
 - Neurodevelopmental disorders (i.e. autism and ADHD)
 - Neurogenetics and Metabolic Disorders
 - Neuromuscular Diseases and Muscular Dystrophy
 - Neuro-oncology
 - Pediatric Stroke
 - Sleep Disorders
 - Sturge-Weber syndrome
 - Tourette Syndrome
 - Tuberous Sclerosis Complex (TSC)
